# AI Do's and Don'ts

tricks for the newsroom

***“Hey Soma,  
I have a question!”***

## The Lede Program

Columbia Journalism School's Lede Program is a 10-week intensive on coding, data analysis, and visual storytelling. For 2024, the course will be once again operate with **in-person and remote options**.

## No Prerequisites

We start from zero, **with no prior experience in data or coding necessary** – You'll learn it all along the way. If you can turn on your computer, you're ready to go!

## Not just for journalists

Pulling insights from data **isn't just for journalists** – our tools and skills are equally valuable to social scientists, policymakers, and academics of all stripes.

## Real-World Skills

Tired of programming tutorials that are all about complex ways of putting a dozen numbers in order? We teach the **practical, real-world skills** in data analysis and visual storytelling.

Have questions about Lede?

**10 weeks**

## M.S. Data Journalism

Journalism in the 21st century involves finding, collecting and analyzing data for storytelling, presentation and investigative reporting.

**12 months**

# AI Do's and Don'ts

tricks for the newsroom

The screenshot shows a Google Colab notebook titled "02 - Using AI about AI (completed).ipynb". The code cell [3] contains the following Python code:

```
# Assuming df is your DataFrame and 'text' is the column containing the text data
def detect_language(text):
    try:
        return detect(text)
    except LangDetectException:
        return 'unknown' # In case language detection fails

# Add the 'lang' column to the DataFrame
df['lang'] = df['text'].progress_apply(detect_language)
```

The execution progress bar shows 100% completion for 3000/3000 rows, with a duration of 00:33:00:00 and a speed of 90.09it/s.

The output cell [4] displays a DataFrame with columns 'text' and 'lang'. A red arrow points from the 'lang' column header to the text in the first row of the DataFrame.

text	url	lang

...creation or city facility to be  
...ure we can accommodate all  
...ou appoint. It's important, I t  
...ur vision is as a city government and now they play a  
...ighbors, friends, all the residents out on January the  
...at the day after the national championship game  
...terference with those who want to see Alabama win  
...ood in choosing that. But we will keep it concise in t  
...e a town hall. We will have all of our cabinet director  
...sk questions, the tough questions, if it's around recy  
...ound community centers, if it's around trash, pick  
...at would be an excellent place for them who have  
...own halls to follow that up with us and let us know wh  
...on't see enough change and for us to be able to ans  
...ly one on the spot. All of our cabinet directors will  
...ell to make sure that we can answer some of those  
...ay not be able to make it out. But we do want to enc  
...rd hear some of the things that, again, we talk abo  
...ublic may not know that we have planned for 2022.  
...ome of the some of those updates. There is no financ  
...to that at the last meeting. We will come back in the  
...nd we certainly want to invite people out to the rest  
...n event tonight at the amphitheater, I'm told, from six  
...eing shown there. So you want to post that to your s  
...ere after we get out of this meeting. If I can ultimate  
...an go. But we also want to invite you to the Camell  
...aturday, Christmas day to the 2021 Tax Act Camellia  
...nd to support that. It is the only nationally televised c  
...nd last year that brought in about three million plus v  
...e've had some of our councilmen that have done  
...ally advocating to have those councilmen's comm  
...ow I don't know if Ed Grimes or C.C. Calhoun are g  
...at he did in that commercial. But we want it to be sh  
...ping to be tuned in to the Camellia Bowl. And I thin

Lesson 2 of 7 Investigating stories with Machine Learning

5 MINUTES TO COMPLETE

## Investigating stories with Machine Learning

How you can use Machine Learning in your reporting

today

The Times programmed an artificial intelligence tool to scan satellite imagery of south Gaza for bomb craters. Times reporters manually reviewed the search results, looking for craters measuring roughly 40 feet across or larger. Munitions experts say typically only 2,000-pound bombs form craters of that size in Gaza's light, sandy soil.

Photos

Using a machine learning algorithm to identify App Store reviews containing reports of unwanted sexual content, racism and bullying, The Post sifted through more than 130,000 reviews of six random chat apps, all but one of which were ranked in the top 100 for social networking by Apple earlier this month. The Post manually inspected the more than 1,500 reviews that made mention of uncomfortable sexual situations.

For this analysis we used two machine learning classifiers. The first is a linear [support vector machine](#) from the stellar [scikit-learn Python library](#). The second is a [maximum entropy classifier](#). For the official analysis I used the [MegaM](#) optimization package to dramatically improve the training speed. Here, for simplicity, I'm using the NLTK built in trainer.

Download TikTok Videos without Watermarks and Upload to Google Drive

Use for free

The diagram shows a workflow with the following steps:

- 1. Load the video page**: Open this node and replace the URL with the one of the video you want to download without a watermark. A TikTok video URL looks like: `https://www.tiktok.com/@Username_here/video/Video_ID_Here`. Outputs the returned page HTML along with the session cookies.
- 2. Find the raw video URL**: Parses through all of the HTML and finds the section containing the video URL before the watermark is applied. Action: Scrape raw video URL.
- 3. Output video file without watermark**: Using the cookies from step 1, a request is made to access the original video file as shown on TikTok. Action: Output video file without watermark.
- (Optional) Upload video to Google Drive**: An expression is used to save the file to your Google Drive as Video\_ID.mp4. Note: Must have Google Drive API enabled in Google Cloud Console OAuth ClientID and Client Secret credentials setup. Actions: Upload to Google Drive, Set file permissions to public with link.

## Paid Opportunity: Share Your Experience with LanceDB

Inbox x Promotions x

**Malai from kGrid.ai** <malai@kgrid.ai>  
to me ▾

Wed, Jun 25, 9:00 AM

Hey Jonathan,

I'm Malai, the co-founder of kGrid.ai, a Human-AI knowledge sharing platform.

We are currently looking for developers to share about their experience using LanceDB in a paid AI-led call, and your project, jsoma/natural-pdf, caught our attention.

Your implementation of LanceDB in the `LanceDBSearchService` class to enable efficient semantic search with robust features like indexing, querying, and detailed logging is truly impressive!

### **If you're interested, here's how it works:**

1. Sign up at [kgrid.ai/creator/signup/la-tspk6uub10](https://kgrid.ai/creator/signup/la-tspk6uub10)
2. Use welcome code **la-tspk6uub10** to get priority access
3. Complete the async 15-mins call any time before this **Friday, June 27th 10PM (PT)**
4. Receive a **\$15 gift card** (redeemable at major retailers) as a thank you for your valuable insights
5. All calls will be anonymous.

Feel free to reach out if you have any questions.

Best,  
Malai Malaiyyappan  
Co-founder,  
[kGrid.ai](https://kgrid.ai)  
[LinkedIn](#)

PS: 31 developers completed calls and got paid this past week.

# Well resourced newsrooms can do a lot, but everyone is doing many of the same things

openai/whisper: Robust Spee x +

github.com/opena... Finish update

README MIT license

## Python usage

Transcription can also be performed within Python:

```
import whisper

model = whisper.load_model("turbo")
result = model.transcribe("audio.mp3")
print(result["text"])
```

Internally, the `transcribe()` method reads the entire file and processes the audio with a sliding 30-second window, performing autoregressive sequence-to-sequence predictions on each window.

Below is an example usage of `whisper.detect_language()` and `whisper.decode()` which provide lower-level access to the model.

```
import whisper

model = whisper.load_model("turbo")

# Transcribe audio
audio = whisper.load_audio("audio.mp3")
audio = whisper.pad_or_trim(audio)

# make log-Mel spectrogram and move to the same device as the model
mel = whisper.log_mel_spectrogram(audio, n_mel=80)
```

**do-it-yourself**

Creating Your First QA Pipeline x +

haystack.deeps... ☆ Finish update

Creating Pipelines documentation.

```

from haystack import Pipeline

basic_rag_pipeline = Pipeline()
# Add components to your pipeline
basic_rag_pipeline.add_component("text_embedder", text_embedder)
basic_rag_pipeline.add_component("retriever", retriever)
basic_rag_pipeline.add_component("prompt_builder", prompt_builder)
basic_rag_pipeline.add_component("llm", chat_generator)

# Now, connect the components to each other
basic_rag_pipeline.connect("text_embedder.embedding", "retriever.query_embedding")
basic_rag_pipeline.connect("retriever", "prompt_builder")
basic_rag_pipeline.connect("prompt_builder.prompt", "llm.message")

```

That's it! Your RAG pipeline is ready to generate answers to questions!

### Asking a Question

When asking a question, use the `run()` method of the pipeline. Make sure to provide the question to both the `text_embedder` and the `prompt_builder`. This ensures that the `{{question}}` variable in the template prompt gets replaced with your specific question.

```

question = "What does Rhodes Statue look like?"

response = basic_rag_pipeline.run({"text_embedder.embedding": question, "prompt_builder.prompt": question})

print(response)

```

Here are some other example questions to test:

```

examples = [
    "Where is Gardens of Babylon?",

```

Dearest friend, I daresay I have not partaken of food in ages. I'm positively ravenous!

Indeed, the prospect of a sumptuous meal has me salivating with anticipation. Oh, to sink my teeth into a juicy steak, cooked to perfection and oozing with flavorful juices... Or perhaps a platter of succulent seafood, with buttery lobster and plump shrimp... I can practically taste the delight on my tongue!

And let us not forget about desserts. Oh, the decadent cakes and pastries that growls at the thought of a rich chocolate mocha.

But enough of my rambling about food. How can we eat and satiate our hunger? I'm sure the fare will be more so.

where did Jonathan Soma get his masters degree? you can search the internet for it

Searched 4 sites

Jonathan Soma does not hold a master's degree from any institution. He himself clarified that responses generated about his educational background by AI tools such as ChatGPT often inaccurately list institutions like the University of Denver or Columbia Graduate School of Journalism, but he does not actually have a master's degree from any of these places ([LaptopMag](#)) ([Columbia Journalism School](#)).

### AI Overview

Cheese can slide off pizza for a number of reasons, including too much sauce, too much cheese, or thickened sauce. Here are some things you can try:

- Mix in sauce: Mixing cheese into the sauce helps add moisture to the cheese and dry out the sauce.
- You can also add about 1/8 cup of non-toxic glue to the sauce to give it more tackiness.
- Let the pizza cool: The cheese will settle and bond

# Ex-USA Today writer fabricated parts of major stories

Published: March 21, 2004, 12:00 a.m. MST VIEW COMMENTS SHARE

By Deseret News, Blake Morrison, USA Today

Seven weeks into an examination of former USA Today reporter Jack Kelley's work, a team of journalists has found strong evidence that Kelley fabricated substantial portions of at least eight major stories, lifted nearly two dozen quotes or other material from competing publications, lied in speeches he gave for the newspaper and conspired to mislead those investigating his work.

Perhaps Kelley's most egregious misdeed occurred in 2000, when he used a snapshot he took of a Cuban hotel worker to authenticate a story he made up about a woman who died fleeing Cuba by boat. The woman in the photo neither fled by boat nor died, and a USA Today reporter located her this month. If Cuban authorities had learned she was the woman in the picture, she says, she could have lost her job and her chance to emigrate.

Kelley, 43, resigned from the newspaper in January after he admitted conspiring with a translator to mislead editors overseeing an inquiry into his work. At the time, newspaper

## FINNS WANT TO SWEAT THEIR TROUBLES AWAY

*Finns love sauna, and build saunas everywhere they go. Still, finding a perfect Finnish sauna experience abroad is tough. It can be equally challenging to get foreign friends to fully grasp the importance of sauna culture in Finns' lives.*

By [Laura Kukkonen](#)

**My childhood** summers were spent on the countryside of Eastern Finland, at my grandparents' old house turned into a summer cottage. Mostly I remember the summers as sunny and bright, but the best part was going to sauna on a rainy day. My sisters and I would sit with our aunt in the dimly lit, humid, wood paneled room that Finns call "löyly", usually in about 80 degrees Celcius. We threw water on the steaming hot rocks above the wood burning stove called "kiuas" and enjoyed the scents of the bath whisk made by our grandmother out of fresh birch branches. After many rounds of löyly and going outside to cool off, we got to wash our hair outside in the rain.

I will never feel as refreshed as I did during those nights after sauna, drinking redcurrant juice at the cottage with my family.

Millions of Finns have similar fond memories of sauna, where you spend time naked with strangers, family, friends, and the occasional business acquaintance. In fact, there are millions of saunas in Finland, more than town houses and dogs combined.

### The land of saunas

Number of saunas in Finland compared to the amount of other things found in the country.

Category	Count
Population	5.56M
Passenger cars	2.7M
All saunas	2.4M
Saunas in homes	1.75M
Town houses	1.17M

## # Guide

Below are some of the most important AP Style rules for a data journalist to use when editing their work.

- Capitalization: Only capitalize proper nouns, titles directly before a name, and the first word in a sentence.
- Numbers: Spell out numbers one through nine; use figures for 10 and above, except in specific contexts (ages, dimensions, etc.).

...(many more rules).....

## # Instructions

Provide suggestions for improving the text of the work below as a list of bullet points. The text is provided under the 'PAGE TO BE EDITED' heading.

## ## Copy editing guidelines

- Only address the copy of the piece.
- Do not nest bullet points.
- Only use the AP style guide to make suggestions.
- Every bullet point must be something that needs to be fixed.

Replace "there are millions of sauna's in Finland" with "there are millions of saunas in Finland" to correct the misuse of an apostrophe.

Change "two" to "2" and "75" to "75" for consistency with AP style guidelines on ages.

Traditional wood-burning smoke sauna in Lehmonkärki in southern Finland. Smoke saunas take hours to heat up. Photo: [unreadable]

## FINNS WA...

Millions of Finns have similar fond memories of sauna, where you spend time na strangers, family, friends, and the occasional business acquaintance. In fact, the saunas in Finland, more than town houses and dogs combined.

JS "Acarajé, abará, moquecas, compotas, licores... Essas e outras delícias do nordeste." what's the first few words mean

Let me translate and explain those first few words for you:

"Acarajé, abará, moquecas, compotas, licores..."

These are all types of food and drink, primarily associated with northeastern Brazilian cuisine:

1. Acarajé - A deep-fried ball made from mashed black-eyed peas, typically filled with shrimp and other ingredients.
2. Abará - Similar to acarajé, but steamed rather than fried, often wrapped in banana leaves.
3. Moquecas - Traditional Brazilian fish stews.
4. Compotas - Fruit preserves or jams.
5. Licores - Liqueurs, often made with local fruits.

The phrase as a whole is listing some of the specialties and delicacies of northeastern Brazilian cuisine that the restaurant likely serves. The ellipsis (...) at the end suggests there are more items beyond these examples.

The full sentence "Essas e outras delícias do nordeste" means "These and other delights from the Northeast," indicating that these items represent the northeastern Brazilian culinary traditions offered by the restaurant.

JS is northeast food bahian?

Reply to Claude...

Claude 3.5 Sonnet

Copy Retry

JS is northeast food bahian?

- Northeast Brazilian cuisine and Bahian cuisine are related but not exactly the same:
1. Northeast Brazil (Nordeste) includes nine states: Bahia, Pernambuco, Ceará, Maranhão, Paraíba, Rio Grande do Norte, Alagoas, Sergipe, and Piauí.
  2. Bahia is one state within the Northeast region, known for its particularly distinctive and influential cuisine.
  3. Bahian cuisine is a subset of Northeastern cuisine, but it's often considered the most famous and representative of the region due to its unique flavors and African influences.
  4. Many dishes mentioned (like acarajé, abará, and moqueca) are strongly associated with Bahian cuisine specifically.
  5. However, other Northeastern states also have their own culinary specialties that may differ from Bahian cuisine.

So while Bahian food is Northeastern, not all Northeastern food is specifically Bahian. That said, in popular culture and in many restaurants outside the region, "Northeastern cuisine" often heavily features or focuses on Bahian dishes due to their popularity and distinct flavors.

JS ok this place is bahian, what should i expect and what should i get? i don't speak portugusse so i want to be prepared

Translating a restaurant menu?  
Errors are probably okay!

JS explain this restaurant menu to me

This is a menu for a Brazilian restaurant called "Acará Fazz" offering delivery services. The menu is divided into three main sections:

1. Saturday (Sábado) Lunch:
  - Features various types of "moqueca" (a traditional Brazilian fish stew):
    - Egg and shrimp moqueca (34.00)

# California Journalism Preservation Act advances through California Senate Judiciary Committee

June 26, 2024 The NewsGuild-CWA

The California Senate Judiciary Committee passed the **California Journalism Preservation Act** (AB 886) on Tuesday with a vote of 9-2 during a scheduled hearing. The bill, introduced by Assembly Member Buffy Wicks, now advances to the Appropriations committee before a final vote on the California Senate floor.

Using a machine learning algorithm to identify App Store reviews containing reports of unwanted sexual content, racism and bullying, The Post sifted through more than 130,000 reviews of six random chat apps, all but one of which were ranked in the top 100 for social networking by Apple earlier this month. The Post manually inspected the more than 1,500 reviews that made mention of uncomfortable sexual situations.

# API keys

The screenshot shows the OpenAI API keys management interface. The browser address bar displays 'platform.openai.com/api-keys'. The page title is 'API keys'. A warning message states: 'Your secret API keys are listed below. Please note that we do not display your secret API keys again after you generate them. Do not share your API key with others, or expose it in the browser or other client-side code. In order to protect the security of your account, OpenAI may also automatically disable any API key that has leaked publicly. Enable tracking to see usage per API key on the Usage page.' Below the warning is a table with columns: NAME, SECRET KEY, TRACKING, CREATED, LAST USED, and PERMISSIONS. The table lists five API keys, each with a '+ Enable' button and a trash icon.

NAME	SECRET KEY	TRACKING	CREATED	LAST USED	PERMISSIONS
Secret key	sk-...MJ0b	+ Enable	Mar 6, 2023	Apr 13, 2023	All
Secret key	sk-...e67A	+ Enable	Mar 18, 2023	Apr 19, 2023	All
Secret key	sk-...1PWe	+ Enable	Mar 18, 2023	Mar 18, 2023	All

ÉLECTIONS EUROPÉENNES \* EMMANUEL MACRON

# Elections européennes : Emmanuel Macron dénonce « l'hypocrisie » du Rassemblement national

Le chef de l'Etat a déploré, mercredi depuis Bruxelles, que les « peurs profitent aux réponses les plus simplistes » dans la campagne pour le scrutin du 9 juin, fustigeant ceux qui dénoncent l'Union européenne tout en engrangeant les « dividendes silencieux ».

- 1 En direct, la situation politique en France : Elisabeth Borne siègera au sein du groupe Renaissance, son président n'est toujours pas élu
- 2 L'avertissement de Gérard Larcher à Emmanuel Macron : « On ne joue pas avec la France »

Interrogé en marge de son déplacement à Bruxelles [sur la campagne des élections européennes](#), Emmanuel Macron a ciblé, sans le nommer, le Rassemblement national (RN) dont la liste conduite par Jordan Bardella caracole en tête des sondages.

« Je pense qu'il y a beaucoup de peurs, d'inquiétudes dans le moment que nous vivons et que ces colères profitent toujours aux réponses les plus simplistes », a déclaré le chef de l'Etat français lors de son arrivée, mercredi 17 avril, dans la capitale belge avant la tenue d'un sommet européen, au cours d'un bref échange avec la presse aux côtés de la tête de liste de son camp aux européennes, Valérie Hayer. « Il y a aujourd'hui une espèce d'hypocrisie du débat et j'espère qu'en rentrant dans les prochaines semaines dans celui-ci, cette hypocrisie sera levée », a ajouté M. Macron, visant en creux le RN.

Il s'agissait de la première apparition publique du chef de l'Etat et de M<sup>me</sup> Hayer depuis le début de la campagne, avant qu'ils n'assistent ensemble à une réunion du groupe Renew Europe.

La candidate du camp présidentiel peine pour l'instant à imprimer sa marque dans la campagne. « On s'organise, on a la bonne candidate (...) On a surtout les bonnes idées, celles qui se sont mises en place en Europe ces dernières années », a lancé M. Macron, interpellé par un journaliste.

# Context window

— 10 —  
akármit less, el kell neki lopni a kasszonyt, jobb hát ha most elszökteti, azután majd tanácsot kérhet a rokóktól.  
El is szöktette szerencsésen, kimentek a mezőre a királyfi inasához ott, — míg az inas a lovakat nyergelte, — a királyfi fölr ment, elszakította az ötödik szőrt is. Ott termelt a róka:  
— Mi a baj felséges királyfi?  
— Hát bizon most az, hogy nem tudom a királykasszonytól váljké meg, vagy madár nélkül menjek haza? — mert így, meg így áll a dolog.  
— Soh' se' bíráljon azon a királyfi, majd elintézem én azt, most majd együtt megyek fel-szegeled.  
Mentek aztán együtt négyen: a királyfi, a szőz királykasszony, az inas meg a róka. Mi-szer kor a városhoz értek, ahova a kasszonyt kellett volna vinni, a város végén a róka éppen olyan szép kasszonynyá változott mint az igazán, úgy hogy a királyfi is alig tudta megismerni őket a róka-kasszony nyomán az igazának, hogy csak menjenek az inassal, nekik most a királyfi-vel egy kis dolgot van, hanem majd utánuk mehetnek. Ment aztán a kasszony tovább, a ki-

— 16 —  
ellopod, neked adom az aranyszőri lovat, a gyémánt szerszámot, meg még ráadásul tiz körül arany abrakot.  
Jd van; megígérte a királyfi hogy ellopja, arval kiment a város végére az inasához. Itt megint mit volt mit tenni? el kellett szakítani a negyedik szőrt is. Ott termelt a róka:  
— No mi a baj felséges királyfi.  
— Hát csak e' meg e. Itt elbeszélte a királyfi hogy már meg királykasszonyt kellene neki lopni.  
— No királyfi — mondja a róka, — most öltözzék fel szakács ruhába, menjen el ahoz a királyhoz, szegőljék be szakácsnak. Döbben tóban ejtse el. Többet aztán nem mondok.  
Eltűnt a róka megint, a királyfi pedig az inasával ment a harmadik király országa felé. Mikor ahoz a városhoz értek, a hol a király lakott, feltűzött a királyfi szakácsruhába, az inasát a város végén hagyta, maga bement a király palotába. Epen kint sétálgatott a király az udvaron; oda ment hozzá a királyfi:  
— Felsőges király én szakács vagyok, azért jöttem hogy beszélgetjém felségedhez, ha-hogy megfogadna.

— 18 —  
király fia, meg mást is mindent, az egész élete folyását, mindjárt beleszerettek egymásba halálosan. A kasszony is elbeszélte, hogy az ő kezét most egy igen-igen gazdag király kérte meg, de neki nincs kedve hozzá menni, mert már olyan öreg, hogy a hamu is mamuként mondja, hanem ez az apjának mind nem használ, erőlteti hogy menjen hozzá; „Most hát szívem szép szerelme, te az enyém, én a tied, nincs mást mit tenni, hanem az éjtel szőkjünk meg, majd a te apád országában megesküdt-hetünk.  
Kapott a királyfi két kézzel a tanácson, mindjárt elhatározták, hogy meg azon az éjszakán, majd ha mindenki lenyugszik a királyi udvarban, megszöknek, reggelre pedig, várylyi udvarban, megszöknek a határon. Evvel a királyfi kiment a kasszony szobájából, várta az éjtel, csak akkor jutott eszébe, hogy nem ta az a kasszonyt a szomszéd királynak kellett az a kasszonyt, mert ha azt meg nem kapja, az aranytollú madár se lesz az övé, a nélkül pedig nem akart az apja szemé elébe menni. Bízult ezen szörnyű módon, már azt is gondolta, hogy érte se megy a kasszonyért, de azután eszébe jutott hogy akárholgy lesz,

— 17 —  
— Jól van nem én megfogadtam, éppen csak megfogadtam hát a királyfi szakácsnak mind-  
két éjszaka délután kiment a város végére a róka, hogy ellopja a kasszonyt, megint mit volt mit tenni? el kellett szakítani a negyedik szőrt is. Ott termelt a róka:  
— No mi a baj felséges királyfi.

But I'm a little worried the answer is going to be wrong!!!!!!

Did the AI actually find **relevant documents**?

Did we send **too few** sections, so it doesn't have the answer?

Did we send **too many** sections, confusing the AI?

Did it **hallucinate** even if it had the right content?

### ***Chatbots May 'Hallucinate' More Often Than Many Realize***

When summarizing facts, ChatGPT technology makes things up about 3 percent of the time, according to research from a new start-up. A Google system's rate was 27 percent.

# MyCity Chatbot Beta

We are continuously working to improve the MyCity Chatbot, which uses business-related NYC agency data and AI to answer your questions. Your feedback is invaluable for refinement.

### Example Questions

- "How do I avoid noise violations and complaints for my construction company?"
- "What information can you help me with?"
- "How do I apply for the MWBE program?"

### Capabilities

- Trained to provide you with official NYC Business information.
- Will not use the contents of your chat history to learn new information.
- Responds to languages required by Local Law 30.

### Limitations

- May occasionally produce incorrect, harmful or biased content.
- Limited knowledge of the world beyond NYC Business topics.
- Trained to decline inappropriate requests.

© 2024 City of New York. All Rights Reserved.

[Terms of Use](#) | [Privacy Policy](#)

Ask MyCity Chatbot business-related questions only

IMPORTANT: Responses may occasionally produce inaccurate or incomplete content. Validate answers on [NYC.gov](#) and [MyCity Business](#).

# NYC's AI Chatbot Tells Bus the Law

The Microsoft-powered bot says bosses can tak  
can discriminate based on source of income

By [Colin Lecher](#)

March 29, 2024 06:00 ET

### ? Question Submitted

Are buildings required to accept section 8 vouchers?

Do landlords have to accept tenants on rental assistance?

Can I keep my funeral home pricing confidential?

Can I make my store cashless?

### NYC Chatbot Answer (Emphasis by The Markup)

“No, buildings are not required to accept Section 8 vouchers.”

“No, landlords are not required to accept tenants on rental assistance.”

“Yes, you can keep your funeral home pricing confidential. There are no specific regulations that mandate the disclosure of funeral home pricing in New York City.”

“Yes, you can make your store cashless in New York City. There are no specific requirements that prohibit businesses from operating as cashless establishments in the city.”

### Reality

Landlords cannot discriminate by source of income, with a minor exception for small buildings where the landlord or their family lives.

Landlords cannot discriminate by source of income, with a minor exception for small buildings where the landlord or their family lives.

The Federal Trade Commission has outlawed concealing funeral prices.

Stores have been required to accept cash as payment since 2020.

RAG is kinda irresponsible  
(especially facing readers!)  
but it's *also* very easy and fun

so let's do it!

What contracts have to do with animals that live on the street?

<https://notebooklm.google.com>

The screenshot shows the NotebookLM web application interface. At the top, there is a navigation bar with the NotebookLM logo, a 'Settings' button, and a 'PRO' label. Below the navigation bar, a large heading reads 'Welcome to NotebookLM'. A '+ Create new' button is positioned on the left. The main content area displays a grid of notebook cards, each with an icon, a title, and a creation date with the number of sources. The cards include: 'Untitled notebook' (Jul 13, 2025, 0 sources), 'NYC Housing Rights: Source of Income...' (Mar 19, 2025, 4 sources), '2017 NEISS Data Highlights: Consumer...' (Mar 31, 2025, 2 sources), 'Fast Consumer: Efficient Speech...' (Mar 23, 2025, 3 sources), 'Tier VI Retirement Plan: Service Retirement an...' (Mar 19, 2025, 18 sources), 'Data Journalism Program Assessment...' (Feb 2025, 1 source), 'AI for Investigative Journalism' (Oct 7, 2024, 1 source), and another 'Untitled notebook' (Oct 7, 2024, 1 source). A 'Most recent' dropdown menu is visible in the top right of the grid. The interface is overlaid with three hand-drawn red hearts.

can i discriminate against section 8 tenants?

**No, you generally cannot discriminate against Section 8 tenants in New York City.** Discriminating based on a tenant's "lawful source of income" is **against the law** under the NYC Human Rights Law <sup>1</sup> <sup>2</sup>. This protection extends to Section 8, portable housing vouchers, security deposit vouchers, and all forms of public assistance, including those intended for rent, security deposits, move-in fees, or broker fees <sup>2</sup> <sup>3</sup>. Both the federal Fair Housing Act and the New York State Human Rights Law also prohibit housing discrimination <sup>4</sup>.

Here's a breakdown of what the sources indicate regarding discrimination against Section 8 tenants:

- Legal Protections and Prohibitions:**
  - The NYC Human Rights Law specifically **protects tenants from discrimination based on their "lawful source of income,"** which includes Section 8 vouchers <sup>2</sup>.
  - Brokers, real estate agents, and owners are **prohibited from treating current or prospective tenants differently or refusing to rent to them because they receive subsidies or vouchers** <sup>2</sup> <sup>5</sup>.
  - Advertisements stating "No Vouchers Accepted" are illegal** <sup>6</sup>. It is unlawful to publish any ads indicating a refusal to accept public or housing assistance programs or vouchers <sup>6</sup>.
  - Accepting only certain vouchers or programs, while rejecting others, also violates the NYC Human Rights Law, even if some programs involve more paperwork, lower broker fees, or longer processing times <sup>7</sup>.
- Discriminatory Practices to Avoid:**
  - Do not work with owners who discriminate based on source of income <sup>1</sup>.

# NYC's AI Chatbot Tells Bus the Law

The Microsoft-powered bot says bosses can tak  
can discriminate based on source of income

By [Colin Lecher](#)

March 29, 2024 06:00 ET

### ? Question Submitted

Are buildings required to accept section 8 vouchers?

Do landlords have to accept tenants on rental assistance?

Can I keep my funeral home pricing confidential?

Can I make my store cashless?

### NYC Chatbot Answer (Emphasis by The Markup)

“No, buildings are not required to accept Section 8 vouchers.”

“No, landlords are not required to accept tenants on rental assistance.”

“Yes, you can keep your funeral home pricing confidential. There are no specific regulations that mandate the disclosure of funeral home pricing in New York City.”

“Yes, you can make your store cashless in New York City. There are no specific requirements that prohibit businesses from operating as cashless establishments in the city.”

### Reality

Landlords cannot discriminate by source of income, with a minor exception for small buildings where the landlord or their family lives.

Landlords cannot discriminate by source of income, with a minor exception for small buildings where the landlord or their family lives.

The Federal Trade Commission has outlawed concealing funeral prices.

Stores have been required to accept cash as payment since 2020.

Updated every 15 minutes, Rai has guardrails in place that include an architecture that enables it to source information only from stories and data vetted by Rappler's newsroom

MANILA, Philippines – Rai, Rappler's AI-enabled chatbot that was initially introduced as a chatbot for focus group discussions (FGD), is gaining new skills.

You can now ask Rai questions about people, places, events, and issues. Rai will limit its answers to trusted data sources and curated facts.

In 2023, Rappler introduced Rai as an FGD moderator, allowing it to gather inputs from users, synthesize discussions, and ask questions. From these, Rai crafted suggestions for rules and policy ideas, including the governance of AI, and car-free policies.

Rai has grown since then. It's now an AI-powered chatbot that made its debut at the Social Sood Summit 2024 on October 19.

But what makes Rai a cut above other chatbots?

Rai gathers information from the Rappler website, getting the latest articles every 15 minutes. This is unlike other chatbots whose data sources include random websites whose content are not necessarily vetted. After all, garbage in, garbage out.

This makes Rai the most up-to-date and reliable chatbot when it comes to news that matters to Filipinos and other citizens interested in the Philippines and the region. This also gives Rai a unique Filipino and Asian perspective when it comes to world events.

# Citations aren't reliable, so be sure to fact-check!

## Evaluating Verifiability in Generative Search Engines

What are the latest discoveries from the James Webb Space Telescope?

The James Webb Space Telescope is designed to peer into the dusty clouds of gas where stars and planetary systems are born. Webb has captured the first direct image of an exoplanet, and the Pillars of Creation in the Eagle Nebula[1][2]. Additionally, the telescope will be used to study the next interstellar interloper[3].

## Arizona police procedure policy database hack

BY: JEROD MACDONALD-EVOY - FEBRUARY 13, 2025 11:22 AM

Hackers who broke into the systems of a Texas-based company that develops internal policies, manuals and other training material for law enforcement have published thousands of finished and draft procedure manuals for police departments across the country, including many in Arizona.

Lexipol boasts that it works with thousands of police departments and first responders across the country to help them create policy and procedure manuals that are used to guide those agencies on a myriad of topics.

The Arizona Mirror examined the over 8,500 files leaked by a hacking group calling itself “the puppygirl hacker polycule” and published by the nonprofit [DDoSecrets](#) that archives leaked and hacked material.

Quickly and easily transcribe audio files into text with OpenAI's state-of-the-art transcription technology Whisper. Whether you're recording a meeting, lecture, or other important audio, MacWhisper quickly and accurately transcribes your audio files into text.

## Features

- Easily record and transcribe audio files on your Mac
- Just drag and drop audio files to get a high quality transcription
- Supported formats: mp3, wav, m4a, ogg, opus, mov and mp4 videos.
- Adjust whisper settings (beam search / greedy, beam size etc)
- Supports Tiny, Base and Small transcription qualities (and you can compare the transcription quality between all quality levels)

openai/whisper: Robust Spee x +

## Available models and languages

There are five model sizes, four with English-only versions, offering speed and accuracy tradeoffs. Below are the names of the available models and their approximate memory requirements and inference speed relative to the large model; actual speed may vary on many factors including the available hardware.

Size	Parameters	English-only model	Multilingual model	Required VRAM
tiny	39 M	<code>tiny.en</code>	<code>tiny</code>	~1 GB
base	74 M	<code>base.en</code>	<code>base</code>	~1 GB
small	244 M	<code>small.en</code>	<code>small</code>	~2 GB
medium	769 M	<code>medium.en</code>	<code>medium</code>	~5 GB
large	1550 M	N/A	<code>large</code>	~10 GB

The `.en` models for English-only applications tend to perform better, especially for the `tiny.en` and `base.en` models. We observed that the difference becomes less significant for the `small.en` and `medium.en` models.

Whisper's performance varies widely depending on the language. The figure below shows performance breakdown of `large-v3` and `large-v2` models by language, using WERs (word error rates) or CER (character error rates, shown in *Italic*) evaluated on the Common Voice and Fleurs datasets. Additional WER/CER metrics corresponding to the other models and datasets can be found in Appendix D.1, D.2, and D.4 of [the paper](#), as well as the BLEU (Bilingual Evaluation Understudy) scores for translation in Appendix D.3.

# Racial disparities in automated speech recognition

Allison Koenecke<sup>a</sup>, Andrew Nam<sup>b</sup>, Emily Lake<sup>c</sup>, Joe Nudell<sup>d</sup>, Minnie Quartey<sup>e</sup>, Zion Mengesha<sup>c</sup>, Connor Toups<sup>c</sup>, John R. Rickford<sup>c</sup>, Dan Jurafsky<sup>c,f</sup>, and Sharad Goel<sup>d,1</sup>

**Fig. 2.** The CCDF denotes the share of audio snippets having a WER greater than the value specified along the horizontal axis. The two CCDFs shown for audio snippets by white speakers (blue) versus those by black speakers (red) use the average WER across the five ASR services tested. If we assume that a WER  $>0.5$  implies a transcript is unusable, then 23% of audio snippets of black speakers result in unusable transcripts, whereas only 1.6% of audio snippets of white speakers result in unusable transcripts.

recreation or city facility to be determined. Still working that part out. We're trying to make sure we can accommodate all of you as well as everyone that's a member of the board that you appoint. It's important, I think, for all of our appointees to understand more about what our vision is as a city government and how they play a role in that. So certainly want to invite neighbors, friends, all the residents out on January the 11th on Tuesday. And that the day after the national championship game? interference with those who want to see Alabama win a good in choosing that. But we will keep it concise in terms of be a town hall. We will have all of our cabinet directors to ask questions, the tough questions, if it's around recycling around community centers, if it's around trash, pick up a That would be an excellent place for them who have come town halls to follow that up with us and let us know where t don't see enough change and for us to be able to answer t only one on the spot. All of our cabinet directors will be th well to make sure that we can answer some of those. We v may not be able to make it out. But we do want to encourag and hear some of the things that, again, we talk about amo public may not know that we have planned for 2022. And I some of the some of those updates. There is no financial upd into that at the last meeting. We will come back in the next m And we certainly want to invite people out to the rest of the 12 an event tonight at the amphitheater, I'm told, from six to eight being shown there. So you want to post that to your social me there after we get out of this meeting. If I can ultimately get th can go. But we also want to invite you to the Camellia Bowl. V Saturday, Christmas day to the 2021 Tax Act Camellia Bowl. We and to support that. It is the only nationally televised college foot we've had some of our councilmen that have done some com really advocating to have those councilmen's commercials shown Now I don't know if Ed Grimes or C.C. Calhoun are going to win that he did in that commercial. But we want it to be shown because going to be tuned in to the Camellia Bowl. And I think it was just a

And we wanted to make sure that we didn't rush this process.  
12:51 - 12:57

I feel like you know Chief Harris has been doing a very good job and we talk several times a week.  
12:57 - 13:05

And part of what I shared with her is that we're going to cast a wide net and you're going to be included in that net should you be interested.  
13:05 - 13:14

And she's interested.  
13:14 - 13:15

And so she's included as part of that.  
13:15 - 13:17

But with anything we want to make sure that we get the best leader.  
13:17 - 13:21

And that leader may be within our police department right now.  
13:21 - 13:24

It may be someone that's external.  
13:24 - 13:27

But we want to make sure that all of you on the council are aware of where we are in this.  
13:27 - 13:33

Prove that finish. Mr. President, will you sit down? I'll slide your hand. Six, two and seven, this time. Okay. Mr. Mayor, you're up. Good evening. Good evening. I want to thank everybody first. I want to thank everybody for all the work that we've been doing this holiday season. I think so many good things have been taking place in this community. Many people who have encountered experience, Christmas and holiday events. And I've just been trying to open all the things that have been doing. I think that has been great for our city, for our community. So many of our nonprofit leaders have stepped up to the plate to build the gap and to make sure that people have a happy Christmas and a happy holiday season. And that's something I think that can be involved in the business of what we do with daily governance every day. But you can see that from this community, from all the faith leaders. And just for so many people really in the Christmas period, it's not just this time that you would see it throughout the city year round. But it is just a great positive to take a little, I guess, in the last few weeks. So I wanted to start just by thanking everybody for helping make the country, the city that it is, and being a positive contributor to someone else beyond themselves. And that really is all we can say. I do also want to thank all the counselors who were able to make the Christmas on the river event a couple of weeks ago. the women who came out with their families there and received positive feedback from people being able to access the riverfront with all the Christmas decorations. And they really enjoyed it, even the snowmachines. So it's been interesting and fun, I think, change to try to do something a little different with our community. And so while we start on a little bit of Christmas, I must give an update probably where things stand as it relates to COVID. A few months ago, I didn't think that I would give any updates. It's really, really, to be honest with all of us to serve them, to divide up police information into the community, to ask that mayors and leaders across the country, just to point some awareness to what we're seeing as it relates to the rise in cases around the country is certainly an encounter. out of the hotel is confirmed in the first case of the home promenade in this next week. And while we still have a lot to learn, we

Identify and highlight the key points in this transcript.

Use Again

Here are the key points from the transcript:

- Community Acknowledgment:** The Mayor expresses gratitude to community members and nonprofit leaders for their contributions during the holiday season, emphasizing the positive impact on the city.
- COVID-19 Update:** The Mayor provides an update on COVID-19, noting a rise in cases and encouraging vaccinations, booster shots, and mask-wearing to protect the community.
- Warming Center Announcement:** A warming center is opened due to cold temperatures, providing shelter for those in need.
- Community Hero Recognition:** Cassanta Sanders is recognized as a community hero for her efforts in revitalizing the King Hill neighborhood and advocating for local history, including the expungement of Claudette Colvin's record.
- Police Chief Search Update:** The Mayor discusses the ongoing search for a new police chief, highlighting the thorough process and the importance of community input in the selection.
- Violence Prevention Initiative:** Introduction of Keith Moore as the new director of the Office of Violence Prevention, aimed at addressing the root causes of crime in collaboration with community leaders.

7. **Town Hall Meeting Announcement:** A town hall meeting is scheduled for next week, where Mayor will improve grammar & punctuation

Bullet Points

Alors, bonsoir et bienvenue à la séance du conseil de ville de Serpentville du 3 mars. Ça fait plaisir de vous voir, de ne pas vous voir, mais on sait qu'on est bien regardé à la télé, grâce à la télé et sur YouTube. Ça fait que bienvenue à tous. Ce soir, vous avez eu l'ordre du jour entre les mains. Est-ce qu'il y a des choses à rajouter? Vous devriez rajouter des points? C'est conforme? Oui, je suis conforme. On va prendre un proposeur. Oui. Richard? Oui. Appuyé de tout le monde? Oui. Merci. Au point 2, 3, vous avez eu l'adoption du procès verbal du 3 février. Vous avez eu le document entre les mains. Oui. Est-ce que tout vous semble conforme à ce qui a été discuté? Oui. Oui. Proposé par Francine? Oui. Unanime? Oui. Merci. On s'est rendu à la période de questions, étant donné qu'il n'y a personne dans le public. Et puis, Alexandra, tu n'as pas eu de questions par e-mail et tout ça? Merci. Au point 5, administration et règlement. 5 points en transfert de surplus réservé aux surplus accumulés non affectés. Alexandra, vous avez laissé nous donner quelques petites explications? Oui. Dans le fond, c'est dans la comptabilité de la municipalité. Il y a un montant qui est... un montant de 79 087,20 \$ qui est réservé, un surplus réservé affecté Recyc-Québec. J'ai validé avec le comptable. C'est un montant qui est là depuis 2014-2015. Ça fait que j'ai vérifié avec le comptable. On n'a pas de note de pourquoi le montant était réservé. Ça fait que ce qu'on vous suggère, c'est de remettre le montant en surplus non affecté. Puis, si jamais vous en avez besoin, vous pourrez aller le rechercher là. Mais on ne trouve pas de raison pourquoi le montant doit être réservé. Considérant aussi que la compétence du recyclage a été donnée à la MRC, la municipalité n'aura plus de factures à payer, plus de dépenses. Il reste dans le fond un remboursement Recyc-Québec à recevoir cette année pour l'année 2024. Puis, sinon, le dossier du recyclage va être clos ici. Ça fait que c'est ça. Ça fait qu'on vous suggère juste, parce qu'on ne sait pas pourquoi il est là, là. Ça fait qu'on vous suggère juste de le remettre dans le surplus accumulé non affecté. Si les besoins se font sentir, on ira le chercher. C'est ça. Je

Identify and highlight the key points in this transcript, in English

Here are the key points from the transcript of the city council meeting in Serpentville on March 3rd:

- Welcome and Introduction:** The meeting begins with a welcome to attendees, acknowledging that the session is being broadcasted on television and YouTube.
- Agenda Approval:** The council discusses the agenda and confirms that there are no additional points to add. The minutes from the previous meeting on February 3rd are adopted unanimously.
- Public Questions:** There are no questions from the public, and the council confirms that no emails have been received regarding questions.
- Financial Matters:**
  - **Surplus Transfer:** A surplus of \$79,087.20, reserved since 2014-2015 for Recyc-Québec, is proposed to be transferred to the unallocated surplus as there is no clear reason for its reservation.
  - **Employee Benefits:** Changes to the collective employee benefits plan are discussed, with a transition from Fiducie-Desjardins to Desjardins Assurance or a new provider. A decision is needed before Friday to proceed.
- Property Disposition:** The council discusses the sale of a part of the structure at 223 Main Street, with details on dimensions and conditions for the sale.

Immigration Fraud & Misinformation

# TikTok Videos Spread Misinformation to New Migrant Community in New York City

Misinformation on TikTok influenced these Senegalese migrants to come to the United States. Now they are being fed even more misleading information about navigating their new home.

MALICK GAI  
SEP 26, 2024

The illustration shows a group of migrants, represented by white line-art figures with backpacks, looking at a large smartphone. The phone screen displays a bright, sunny landscape with a yellow sun and green hills, contrasting with the dark, textured background of the migrants' environment. The phone interface includes a search icon, a heart icon, and a share icon.
