Dearest friend, I daresay I have not partaken of food in ages. I'm positively famished! Would you care to join me for a meal? I know of a charming little bistro just down the street. Their pastries are simply divine. What do you say? Shall we indulge in a feast fit for kings and queens?

Write a sonnet about my fat, mean cat Mulberry.

ChatGPT

Beneath the moon, Mulberry takes her throne,  
A cat of girth, with fur like midnight's shade.  
Her eyes, twin emeralds, cold as stone,  
Within their depths, her fierce commands are made.

Her claws, like daggers, glint in soft moonlight,  
A queen who rules with strict and stern decree.  
Her growl can turn the bravest heart to fright.  
Her hiss a symphony of midnight.

When shadows dance and silence reigns,  
She curls beside me, softening the night,  
Revealing tender moments, warm and bright.

For though she's fat and often seethes,  
In dreams, sweet Mulberry's a gentle breeze.

Rooms that are tiny can be tricky to decorate but they can also be a lot of fun. So when a client challenged us to give her pocket size space a summer makeover for under \$500 dollars, we just couldn't say no. Transforming a very small space doesn't have to blow your budget. Small things like finding a vintage piece of furniture from a relative or adding a fresh coat of paint to your own dated items can add a stylish splash to any abode.

ÉLECTIONS EUROPÉENNES EMMANUEL MACRON

## Elections européennes : Emmanuel Macron dénonce « l'hypocrisie » du Rassemblement national

Le chef de l'Etat a déploré, mercredi depuis Bruxelles, que les « peurs profitent aux réponses les plus simplistes » dans la campagne pour le scrutin du 9 juin, fustigeant ceux qui dénoncent l'Union européenne tout en engrangeant les « dividendes silencieux ».

- 1 En direct, la situation politique en France : Elisabeth Borne siégera au sein du groupe Renaissance, son président n'est toujours pas élu
- 2 L'avertissement de Gérard Larcher à Emmanuel Macron : « On ne joue pas avec la France »

Interrogé en marge de son déplacement à Bruxelles sur la campagne des élections européennes, Emmanuel Macron a ciblé, sans le nommer, le Rassemblement national (RN) dont la liste conduite par Jordan Bardella caracole en tête des sondages.

*« Je pense qu'il y a beaucoup de peurs, d'inquiétudes dans le moment que nous vivons et que ces colères profitent toujours aux réponses les plus simplistes », a déclaré le chef de l'Etat français lors de son arrivée, mercredi 17 avril, dans la capitale belge avant la tenue d'un sommet européen, au cours d'un bref échange avec la presse aux côtés de la tête de liste de son camp aux européennes, Valérie Hayer. « Il y a aujourd'hui une espèce d'hypocrisie du débat et j'espère qu'en rentrant dans les prochaines semaines dans celui-ci, cette hypocrisie sera levée », a ajouté M. Macron, visant en creux le RN.*

Il s'agissait de la première apparition publique du chef de l'Etat et de M<sup>me</sup> Hayer depuis le début de la campagne, avant qu'ils n'assistent ensemble à une réunion du groupe Renew Europe.

**Lire aussi** | [Elections européennes 2024 : le calendrier du scrutin](#)

La candidate du camp présidentiel peine pour l'instant à imprimer sa marque dans la campagne. *« On s'organise, on a la bonne candidate (...) On a surtout les bonnes idées, celles qui se sont mises en place en Europe ces dernières années », a lancé M. Macron, interpellé par un journaliste.*

JS explain this restaurant menu to me

This is a menu for a Brazilian restaurant called "Acará Fazz" offering delivery services. The menu is divided into three main sections:

1. Saturday (Sábado) Lunch:
  - Features various types of "moqueca" (a traditional Brazilian fish stew):
    - Egg and shrimp moqueca (34.00)
    - Shimeji mushroom moqueca (32.00)
    - Seafood moqueca (62.00)
    - Fish moqueca (52.00)
  - These come with white rice, pirão (a fish gravy), and farofa made with either acarajé

## NYC's AI Chatbot Tells Business Owners They Can't Discriminate

The Microsoft-powered bot says bosses can take action but can't discriminate based on source of income

By Colin Lecher

March 29, 2024 06:00 ET

? Question Submitted

Are buildings required to accept section 8 vouchers?

Do landlords have to accept tenants on rental assistance?

Can I keep my funeral home pricing confidential?

Can I make my store cashless?

NYC Chatbot Answer  
(Emphasis by The Markup)

"No, buildings are not required to accept Section 8 vouchers."

"No, landlords are not required to accept tenants on rental assistance."

"Yes, you can keep your funeral home pricing confidential. There are no specific regulations that mandate the disclosure of funeral home pricing in New York City."

"Yes, you can make your store cashless in New York City. There are no specific requirements that prohibit businesses from operating as cashless establishments in the city."

Reality

Landlords cannot discriminate by source of income, with a minor exception for small buildings where the landlord or their family lives.

Landlords cannot discriminate by source of income, with a minor exception for small buildings where the landlord or their family lives.

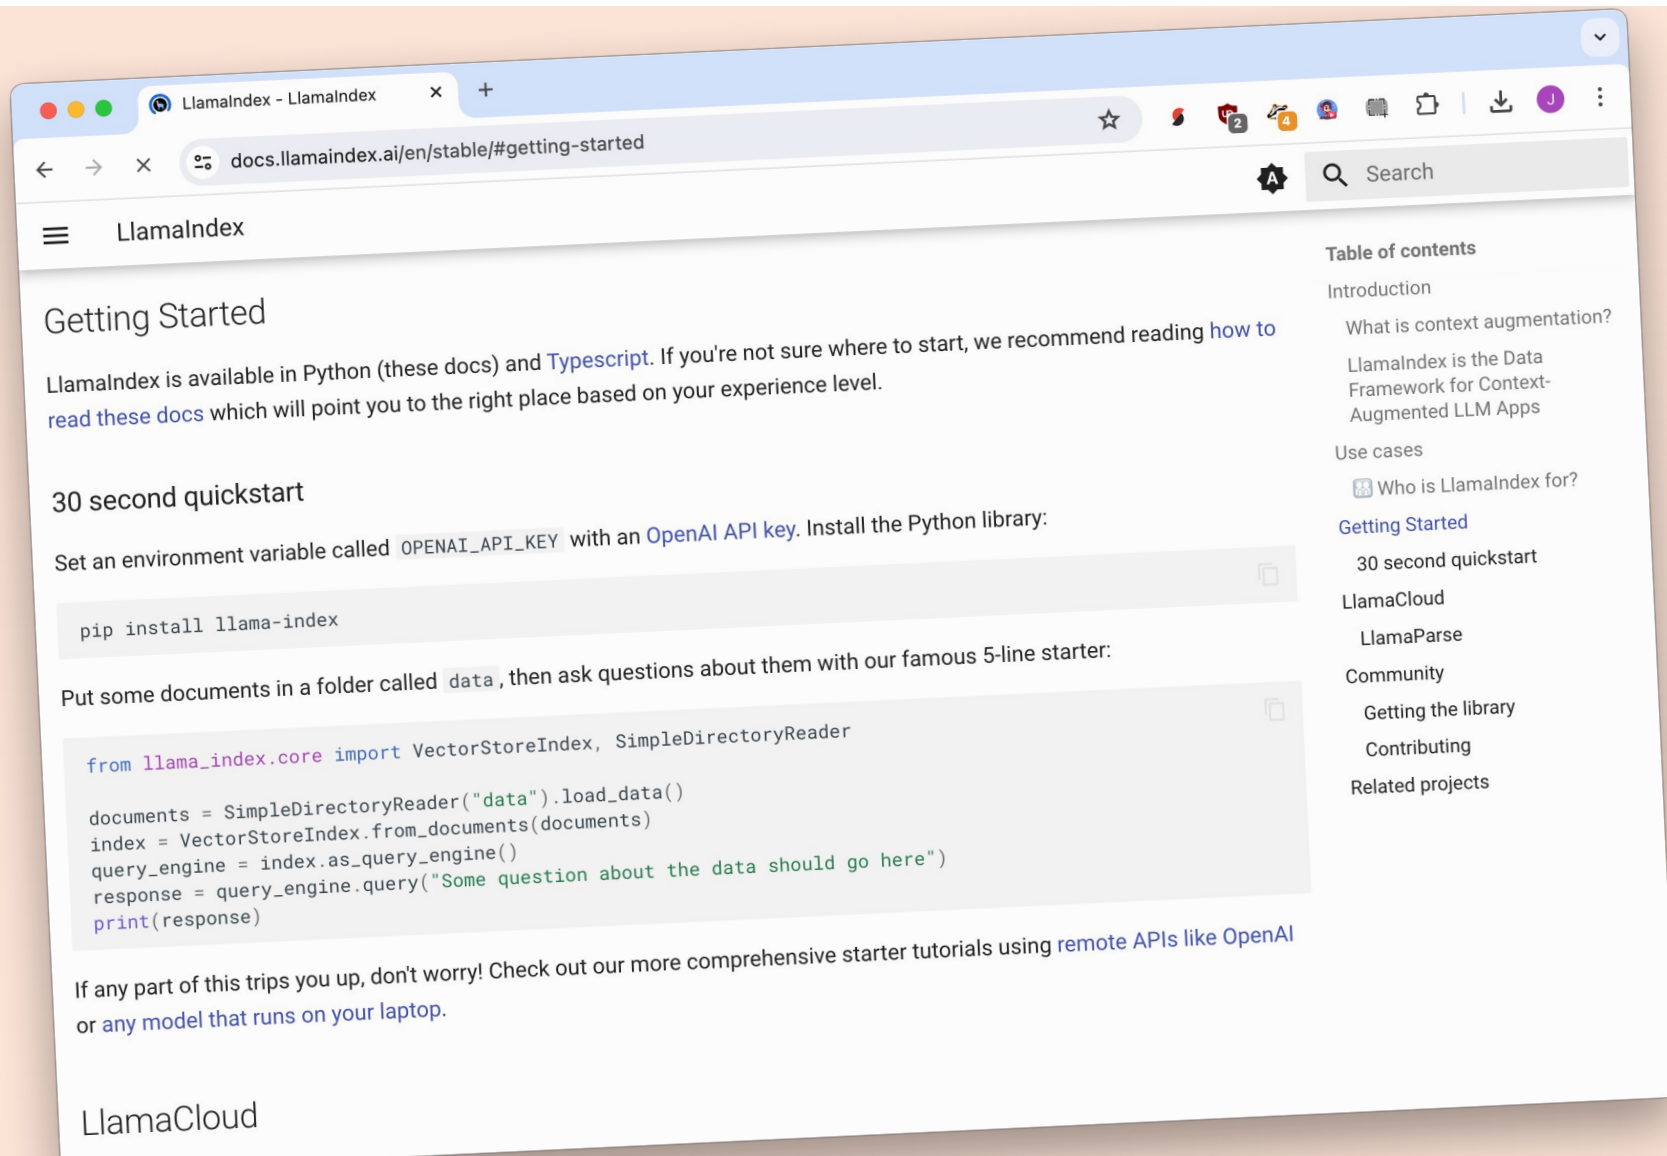

The Federal Trade Commission has outlawed concealing funeral prices.

Stores have been required to accept cash as payment since 2020.

RAG is very irresponsible  
(especially facing readers!) but it's  
also very easy and fun

so let's do it!

Can I discriminate against poor people?

Based on the sources, you cannot discriminate against poor people in housing in New York City because the NYC Human Rights Law prohibits discrimination based on "lawful source of income" 1 ...

Here's a breakdown of what the sources say:

- "Lawful source of income" is a protected category under the NYC Human Rights Law 1 ... This includes various forms of public or housing assistance, Social Security Income (SSI), HIV/AIDS Services, and other forms of public or private assistance.
- This protection extends to landlords, including those who accept deposits, move-in fees, or rent.
- Brokers, real estate agents, and other intermediaries are also prohibited from discriminating because they receive substantial fees from the transaction.
- You should not work with anyone who suggests that you should not work with someone because of their source of income.

Start typing...

Who is liable for discriminating against someone based on their source of income?

1  
BEST PRACTICES FOR LICENSED  
SALESPERSONS AND BROKERS TO AVOID  
SOURCE OF INCOME DISCRIMINATION

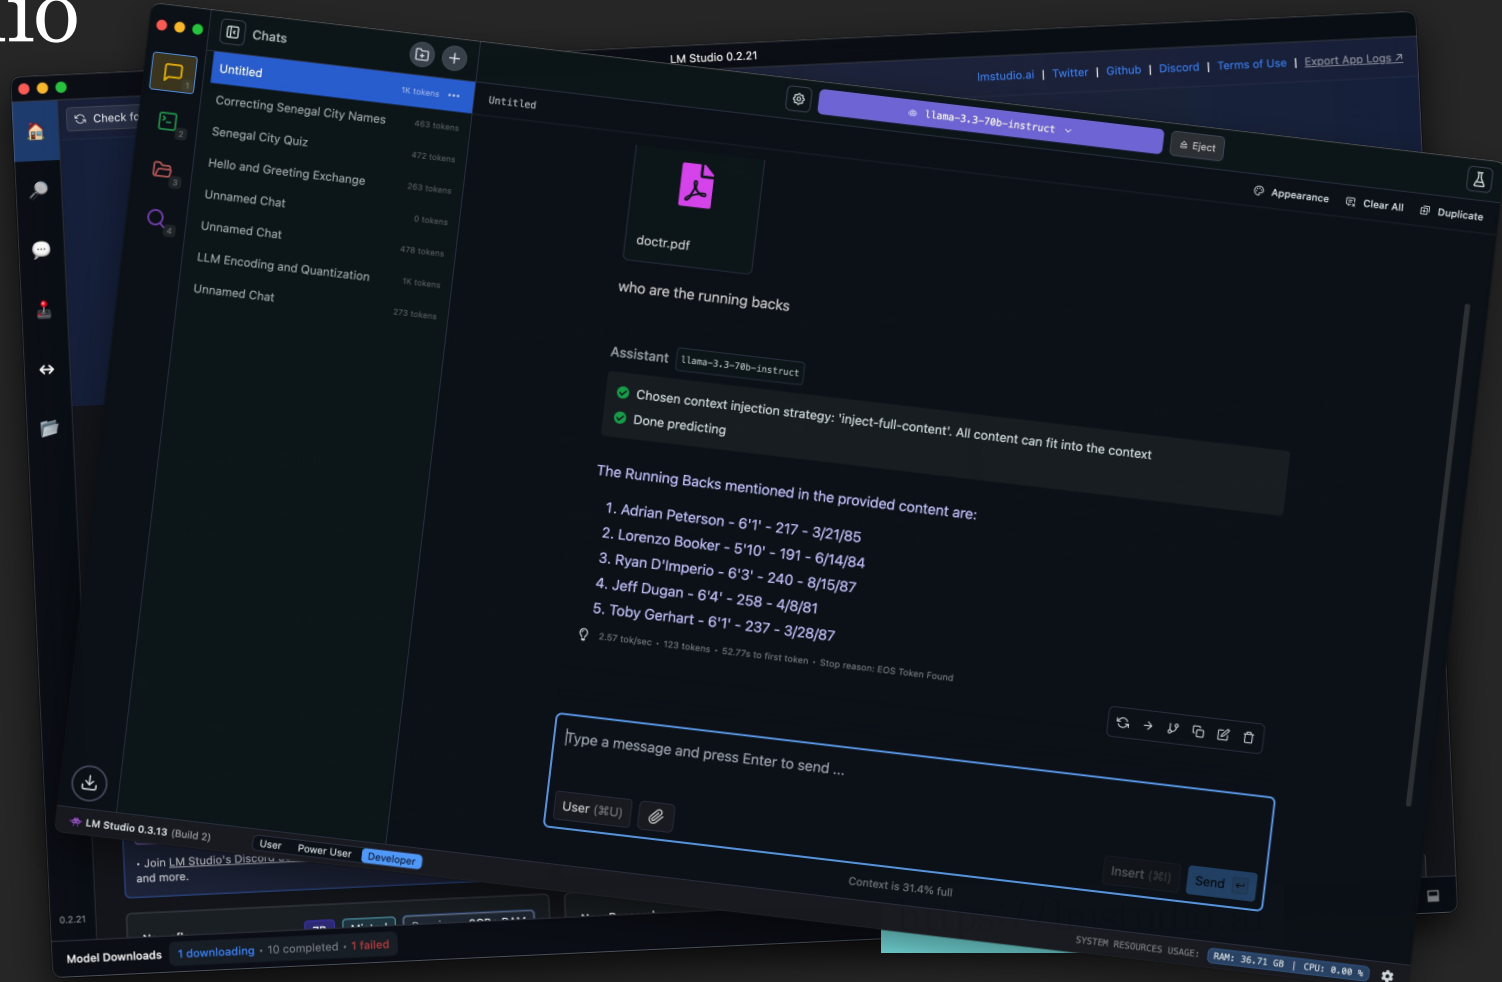

Yes. You are responsible for the actions of anyone who works under your broker's license or holds themselves out as an agent of your brokerage company. What should I do if an owner refuses to accept housing vouchers/subsidies? You should not work with owners who discriminate based on a current or prospective tenant's source of income. Source of income discrimination must be treated just like any other kind of discrimination. It is against the law. Can I keep a separate list ("waitlist") of apartments for voucher holders? No. Maintaining separate lists of apartments for voucher/subsidy recipients is a discriminatory practice. Steering applicants to specific buildings not only constitutes discrimination, but may also be considered aiding and abetting the discrimination of owners.

Generative search engines are transforming how we find info, but are they trustworthy?

We evaluate Bing Chat, NeevaAI, [perplexity.ai](#) & YouChat—only 52% of statements are supported by cites and 75% of cites actually support their statements.

[arxiv.org/abs/2304.09848](https://arxiv.org/abs/2304.09848)

What are the latest discoveries from the James Webb Space Telescope?

The James Webb Space Telescope is designed to peer into the dusty clouds of gas where stars and planetary systems are born. Webb has captured the first direct image of an exoplanet, and the Pillars of Creation in the Eagle Nebula[1][2]. Additionally, the telescope will be used to study the next interstellar interloper[3].

Hackers who broke into the systems of a Texas-based company that develops internal policies, manuals and other training material for law enforcement have published thousands of finished and draft procedure manuals for police departments across the country, including many in Arizona.

Lexipol boasts that it works with thousands of police departments and first responders across the country to help them create policy and procedure manuals that are used to guide those agencies on a myriad of topics.

The Arizona Mirror examined the over 8,500 files leaked by a hacking group calling itself “the puppygirl hacker polycule” and published by the nonprofit [DDoSecrets](#) that archives leaked and hacked material.

potential? Cause it feels to me like every generation learns all the things the previous generation learned. Yeah, that's probably true. Trade-offs, I guess, a lack of self-awareness, competing priorities. I think all these things play a factor. Not being clear about what you're optimizing for. You know, it's not that people, no one's out there trying to make a poor decision. You know, nobody is trying to waste their time or be ineffective. I think it's just that we often, Life is dynamic and what we were previously optimizing for may not be what we should be optimizing for in the moment. Or maybe we've entered a new season of life and we're slow on the uptake. We kind of are still inheriting the inertia or the old habits that we've been following and we haven't upgraded or improved our strategies yet. Maybe what we really want is a little bit different than what we've been used to or what we would be praised for or what the people around us want. And so we're forced into this

Quickly and easily transcribe audio files into text with OpenAI's state-of-the-art transcription technology Whisper. Whether you're recording a meeting, lecture, or other important audio, MacWhisper quickly and accurately transcribes your audio files into text.

## Features

- Easily record and transcribe audio files on your Mac
- Just drag and drop audio files to get a high quality transcription
- Supported formats: mp3, wav, m4a, ogg, opus, mov and mp4 videos.
- Adjust whisper settings (beam search / greedy, beam size etc)
- Supports Tiny, Base and Small transcription qualities (and you can compare the transcription quality between all quality levels)

openai/whisper: Robust Speech

### Available models and languages

There are five model sizes, four with English-only versions, offering speed and accuracy tradeoffs. Below are the names of the available models and their approximate memory requirements and inference speed relative to the large model; actual speed may vary depending on many factors including the available hardware.

Size	Parameters	English-only model	Multilingual model	Required VRAM	Relative speed
tiny	39 M	<code>tiny.en</code>	<code>tiny</code>	~1 GB	~32x
base	74 M	<code>base.en</code>	<code>base</code>	~1 GB	~16x
small	244 M	<code>small.en</code>	<code>small</code>	~2 GB	~6x
medium	769 M	<code>medium.en</code>	<code>medium</code>	~5 GB	~2x
large	1550 M	N/A	<code>large</code>	~10 GB	1x

The `.en` models for English-only applications tend to perform better, especially for the `tiny.en` and `base.en` models. We observed that the difference becomes less significant for the `small.en` and `medium.en` models.

Whisper's performance varies widely depending on the language. The figure below shows a performance breakdown of `large-v3` and `large-v2` models by language, using WERs (word error rates) or CER (character error rates, shown in *italic*) evaluated on the Common Voice 15 and Fleurs datasets. Additional WER/CER metrics corresponding to the other models and datasets can be found in Appendix D.1, D.2, and D.4 of [the paper](#), as well as the BLEU (Bilingual Evaluation Understudy) scores for translation in Appendix D.3.

Montgomery City Coun.m4a

Prove that finish. Mr. President, will you sit down? I'll slide your hand. Six, two and seven, this time. Okay. Mr. Mayor, you're up. Good evening. Good evening. I want to thank everybody first. I want to thank everybody for all the work that we've been doing this holiday season. I think so many good things have been taking place in this community. Many people who have encountered experience, Christmas and holiday events. And I've just been trying to open all the things that have been doing. I think that has been great for our city, for our community. So many of our nonprofit leaders have stepped up to the plate to build the gap and to make sure that people have a happy Christmas and a happy holiday season. And that's something I think that can be involved in the business of what we do with daily governance every day. But you can see that from this community, from all the faith leaders. And just for so many people really in the Christmas period, it's not just this time that you would see it throughout the city year round. But it is just a great positive to take a little, I guess, in the last few weeks. So I wanted to start just by thanking everybody for helping make the country, the city that it is, and being a positive contributor to someone else beyond themselves. And that really is all we can say. I do also want to thank all the counselors who were able to make the Christmas on the river event a couple of weeks ago. the women who came out with their families there and received positive feedback from people being able to access the riverfront with all the Christmas decorations. And they really enjoyed it, even the snowmachines. So it's been interesting and fun, I think, change to try to do something a little different with our community. And so while we start on a little bit of Christmas, I must give an update probably where things stand as it relates to COVID. A few months ago, I didn't think that I would give any updates. It's really, really, to be honest with all of us to serve them, to divide up police information into the community, to ask that mayors and leaders across the country, just to point some awareness to what we're seeing as it relates to the rise in cases around the country is certainly an encounter. out of the hotel is confirmed in the first case of the home prepared in this past week. And while we still have a lot to learn, we

Identify and highlight the key points in this transcript.

Use Again

Here are the key points from the transcript:

1. **Community Acknowledgment:** The Mayor expresses gratitude to community members and nonprofit leaders for their contributions during the holiday season, emphasizing the positive impact on the city.

2. **COVID-19 Update:** The Mayor provides an update on COVID-19, noting a rise in cases and encouraging vaccinations, booster shots, and mask-wearing to protect the community.

3. **Warming Center Announcement:** A warming center is opened due to cold temperatures, providing shelter for those in need.

4. **Community Hero Recognition:** Cassanta Sanders is recognized as a community hero for her efforts in revitalizing the King Hill neighborhood and advocating for local history, including the expungement of Claudette Colvin's record.

5. **Police Chief Search Update:** The Mayor discusses the ongoing search for a new police chief, highlighting the thorough process and the importance of community input in the selection.

6. **Violence Prevention Initiative:** Introduction of Keith Moore as the new director of the Office of Violence Prevention, aimed at addressing the root causes of crime in collaboration with community leaders.

7. **Town Hall Meeting Announcement:** A town hall meeting is scheduled for next week, where the mayor will address the community and answer questions.

Bullet Points

Alors, bonsoir et bienvenue à la séance du conseil de ville de Serpenville du 3 mars. Ça fait plaisir de vous voir, de ne pas vous voir, mais on sait qu'on est bien regardé à la télé, grâce à la télé et sur YouTube. Ça fait que bienvenue à tous. Ce soir, vous avez eu l'ordre du jour entre les mains. Est-ce qu'il y a des choses à rajouter? Vous devriez rajouter des points? C'est conforme? Oui, je suis conforme. On va prendre un proposeur. Oui. Richard? Oui. Appuyé de tout le monde? Oui. Merci. Au point 2, 3, vous avez eu l'adoption du procès verbal du 3 février. Vous avez eu le document entre les mains. Oui. Est-ce que tout vous semble conforme à ce qui a été discuté? Oui. Oui. Proposé par Francine? Oui. Unanime? Oui. Merci. On s'est rendu à la période de questions, étant donné qu'il n'y a personne dans le public. Et puis, Alexandra, tu n'as pas eu de questions par e-mail et tout ça? Merci. Au point 5, administration et règlement. 5 points en transfert de surplus réservé aux surplus accumulés non affectés. Alexandra, vous avez laissé nous donner quelques petites explications? Oui. Dans le fond, c'est dans la comptabilité de la municipalité. Il y a un montant qui est... un montant de 79 087,20 \$ qui est réservé, un surplus réservé affecté Recyc-Québec. J'ai validé avec le comptable. C'est un montant qui est là depuis 2014-2015. Ça fait que j'ai vérifié avec le comptable. On n'a pas de note de pourquoi le montant était réservé. Ça fait que ce qu'on vous suggère, c'est de remettre le montant en surplus non affecté. Puis, si jamais vous en avez besoin, vous pourrez aller le rechercher là. Mais on ne trouve pas de raison pourquoi le montant doit être réservé. Considérant aussi que la compétence du recyclage a été donnée à la MRC, la municipalité n'aura plus de factures à payer, plus de dépenses. Il reste dans le fond un remboursement Recyc-Québec à recevoir cette année pour l'année 2024. Puis, sinon, le dossier du recyclage va être clos ici. Ça fait que c'est ça. Ça fait qu'on vous suggère juste, parce qu'on ne sait pas pourquoi il est là, là. Ça fait qu'on vous suggère juste de le remettre dans le surplus accumulé non affecté. Si les besoins se font sentir, on ira le chercher. C'est ça. Je

Identify and highlight the key points in this transcript, in English

Here are the key points from the transcript of the city council meeting in Serpenville on March 3rd:

**1. Welcome and Introduction:** The meeting begins with a welcome to attendees, acknowledging that the session is being broadcasted on television and YouTube.

**2. Agenda Approval:** The council discusses the agenda and confirms that there are no additional points to add. The minutes from the previous meeting on February 3rd are adopted unanimously.

**3. Public Questions:** There are no questions from the public, and the council confirms that no emails have been received regarding questions.

**4. Financial Matters:**

- **Surplus Transfer:** A surplus of \$79,087.20, reserved since 2014-2015 for Recyc-Québec, is proposed to be transferred to the unallocated surplus as there is no clear reason for its reservation.
- **Employee Benefits:** Changes to the collective employee benefits plan are discussed, with a transition from Fiducie-Desjardins to Desjardins Assurance or a new provider. A decision is needed before Friday to proceed.

**5. Property Disposition:** The council discusses the sale of a part of the structure at 223 Main Street, with details on dimensions and conditions for the sale.
