Write a sonnet about my fat, mean cat Mulberry.

ChatGPT

Beneath the moon, Mulberry takes her throne,
A cat of girth, with fur like midnight's shade.
Her eyes, twin emeralds, cold as stone,
Within their depths, her fierce commands are made.

Her claws, like daggers, glint in soft moonlight,
A queen who rules with strict and stern decree.
Her growl can turn the bravest heart to fright,
Her hiss a symphony of sharp decree.

Yet in the quiet hours of the night,
When shadows dance and silence wraps the air,
She curls beside me, softening her might,
Revealing tender moments, warm and rare.

For though she's fat and often seems so mean,
In dreams, sweet Mulberry's a gentle queen.

Dearest friend, I daresay I have not partaken of food in ages. I'm positively famished! Would you care to join me for a meal? I know of a charming little bistro just down the street. Their pastries are simply divine. What do you say? Shall we indulge in a feast fit for kings and queens?

California Journalism Preservation Act advances through California Senate Judiciary Committee

📅 June 26, 2024 👤 The NewsGuild-CWA

The California Senate Judiciary Committee passed the California Journalism Preservation Act (AB 886) on Tuesday with a vote of 9-2 during a scheduled hearing. The bill, introduced by Assembly Member Buffy Wicks, now advances to the Appropriations committee before a final vote on the California Senate floor.

Summarize this bill for me in three sentences.

Summary of AB 886 – California Journalism Preservation Act:

AB 886 would require large online platforms to pay eligible digital journalism providers for accessing and using their content intended for a California audience, either through annual payments or a binding arbitration process. The funds received must be largely used to support newsroom staff, and the platforms are prohibited from retaliating against news providers who assert their rights under the act. The bill also establishes transparency and reporting requirements for both platforms and journalism providers, aiming to support the sustainability of local and diverse journalism in California.

Apple says its App Store is 'a safe and trusted place.' We found 1,500 reports of unwanted sexual behavior on six apps, some targeting minors.

The prevalence of unwanted sexual content raises questions about whether Apple can continue to offer a protective cocoon to its customers as its platform grows

Using a machine learning algorithm to identify App Store reviews containing reports of unwanted sexual content, racism and bullying, The Post sifted through more than 130,000 reviews of six random chat apps, all but one of which were ranked in the top 100 for social networking by Apple earlier this month. The Post manually inspected the more than 1,500 reviews that made mention of uncomfortable sexual situations.

Elections européennes : Emmanuel Macron dénonce « l'hypocrisie » du Rassemblement national

Le chef de l'Etat a déploré, mercredi depuis Bruxelles, que les « peurs profitent aux réponses les plus simplistes » dans la campagne pour le scrutin du 9 juin, fustigeant ceux qui dénoncent l'Union européenne tout en engrangeant les « dividendes silencieux ».

Interrogé en marge de son déplacement à Bruxelles sur la campagne des élections européennes, Emmanuel Macron a ciblé, sans le nommer, le Rassemblement national (RN) dont la liste conduite par Jordan Bardella caracole en tête des sondages.

« Je pense qu'il y a beaucoup de peurs, d'inquiétudes dans le moment que nous vivons et que ces colères profitent toujours aux réponses les plus simplistes », a déclaré le chef de l'Etat français lors de son arrivée, mercredi 17 avril, dans la capitale belge avant la tenue d'un sommet européen, au cours d'un bref échange avec la presse aux côtés de la tête de liste de son camp aux européennes, Valérie Heyer. *« Il y a aujourd'hui une espèce d'hypocrisie du débat et j'espère qu'en rentrant dans les prochaines semaines dans celui-ci, cette hypocrisie sera levée »*, a ajouté M. Macron, visant en creux le RN.

Il s'agissait de la première apparition publique du chef de l'Etat et de Mᵐᵉ Hayer depuis le début de la campagne, avant qu'ils n'assistent ensemble à une réunion du groupe Renew Europe.

La candidate du camp présidentiel peine pour l'instant à imprimer sa marque dans la campagne. *« On s'organise, on a la bonne candidate (...) On a surtout les bonnes idées, celles qui se sont mises en place en Europe ces dernières années »*, a lancé M. Macron, interpellé par un journaliste.

Arizona police procedur policy database hack

BY: JEROD MACDONALD-EVOY - FEBRUARY 13, 2025   11:22 AM

Hackers who broke into the systems of a Texas-based company that develops internal policies, manuals and other training material for law enforcement have published thousands of finished and draft procedure manuals for police departments across the country, including many in Arizona.

Lexipol boasts that it works with thousands of police departments and first responders across the country to help them create policy and procedure manuals that are used to guide those agencies on a myriad of topics.

The Arizona Mirror examined the over 8,500 files leaked by a hacking group calling itself "the puppygirl hacker polycule" and published by the nonprofit DDoSecrets that archives leaked and hacked material.

But: semantic search has no "right" answers.

If I'm searching for **"turkey"**, does that match Istanbul? Syria? Lokum? Eric Adams? NYC? Eagle? Poultry? Farmhouse? It's really just a **rank.**

potential? Cause it feels to me like every generation learns all the things the previous generation learned. Yeah, that's probably true. Trade-offs, I guess, a lack of self-awareness, competing priorities. I think all these things play a factor. Not being clear about what you're optimizing for. You know, it's not that people, no one's out there trying to make a poor decision. You know, nobody is trying to waste their time or be ineffective. I think it's just that we often, Life is dynamic and what we were previously optimizing for may not be what we should be optimizing for in the moment. Or maybe we've entered a new season of life and we're slow on the uptake. We kind of are still inheriting the inertia or the old habits that we've been following and we haven't upgraded or improved our strategies yet. Maybe what we really want is a little bit different than what is socially accepted or what we would be praised for or what the people around us want. And so we're forced into this

Quickly and easily transcribe audio files into text with OpenAI's state-of-the-art transcription technology Whisper. Whether you're recording a meeting, lecture, or other important audio, MacWhisper quickly and accurately transcribes your audio files into text.

Features

- Easily record and transcribe audio files on your Mac

- Just drag and drop audio files to get a high quality transcription

- Supported formats: mp3, wav, m4a, ogg, opus, mov and mp4 videos.

- Adjust whisper settings (beam search / greedy, beam size etc)

- Supports Tiny, Base and Small transcription qualities (and you can compare the transcription quality between all quality levels)

Available models and languages

There are five model sizes, four with English-only versions, offering speed and accuracy tradeoffs. Below are the names of the available models and their approximate memory requirements and inference speed relative to the large model; actual speed may vary depending on many factors including the available hardware.
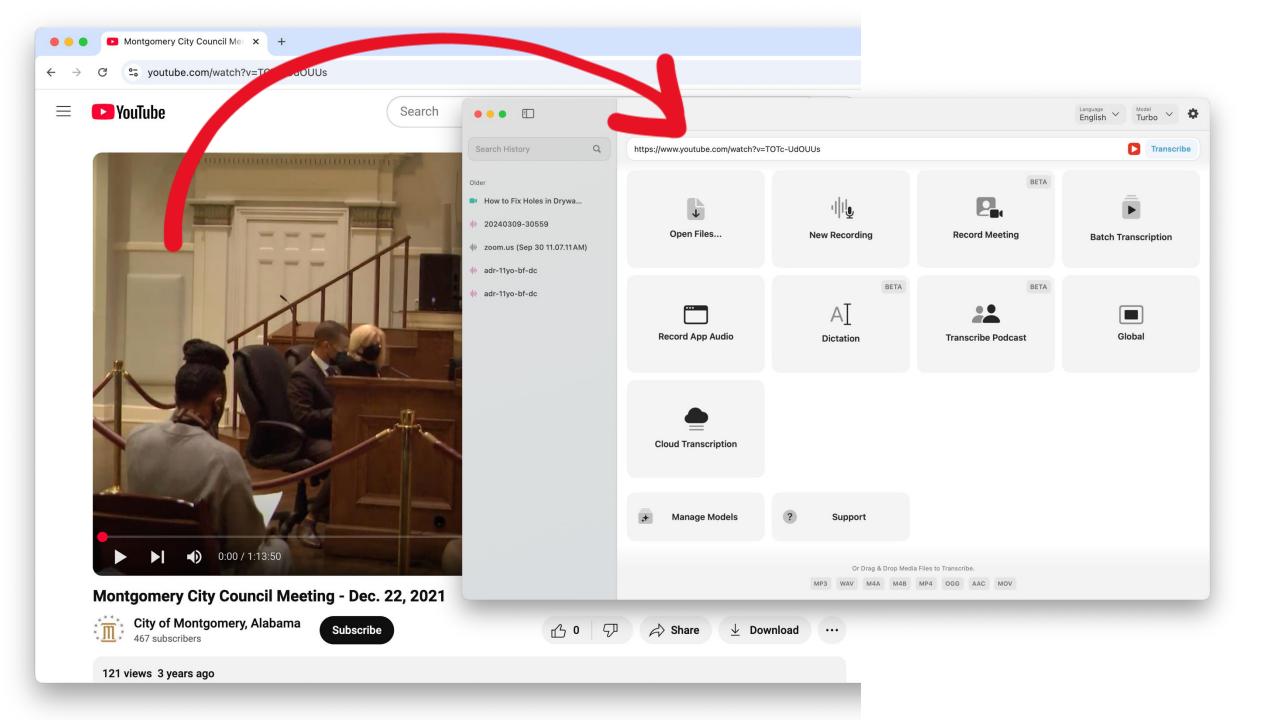

Size	Parameters	English-only model	Multilingual model	Required VRAM	Relative speed
tiny	39 M	`tiny.en`	`tiny`	~1 GB	~32x
base	74 M	`base.en`	`base`	~1 GB	~16x
small	244 M	`small.en`	`small`	~2 GB	~6x
medium	769 M	`medium.en`	`medium`	~5 GB	~2x
large	1550 M	N/A	`large`	~10 GB	1x

The `.en` models for English-only applications tend to perform better, especially for the `tiny.en` and `base.en` models. We observed that the difference becomes less significant for the `small.en` and `medium.en` models.

Whisper's performance varies widely depending on the language. The figure below shows a performance breakdown of `large-v3` and `large-v2` models by language, using WERs (word error rates) or CER (character error rates, shown in *Italic*) evaluated on the Common Voice 15 and Fleurs datasets. Additional WER/CER metrics corresponding to the other models and datasets can be found in Appendix D.1, D.2, and D.4 of the paper, as well as the BLEU (Bilingual Evaluation Understudy) scores for translation in Appendix D.3.

Prove that finish. Mr. President, will you sit down? I'll slide your hand. Six, two and seven, this time. Okay. Mr. Mayor, you're up. Good evening. Good evening. I want to thank everybody first. I want to thank everybody for all the work that we've been doing this holiday season. I think so many good things have been taking place in this community. Many people who have encountered experience, Christmas and holiday events. And I've just been trying to open all the things that have been doing. I think that has been great for our city, for our community. So many of our nonprofit leaders have stepped up to the plate to build the gap and to make sure that people have a happy Christmas and a happy holiday season. And that's something I think that can be involved in the business of what we do with daily governance every day. But you can see that from this community, from all the faith leaders. And just for so many people really in the Christmas period, it's not just this time that you would see it throughout the city year round. But it is just a great positive to take a little, I guess, in the last few weeks. So I wanted to start just by thanking everybody for helping make the country, the city that it is, and being a positive contributor to someone else beyond themselves. And that really is all we can say. I do also want to thank all the counselors who were able to make the Christmas on the river event a couple of weeks ago. the women who came out with their families there and received positive feedback from people being able to access the riverfront with all the Christmas decorations. And they really enjoyed it, even the snowmachines. So it's been interesting and fun, I think, change to try to do something a little different with our community. And so while we start on a little bit of Christmas, I must give an update probably where things stand as it relates to COVID. A few months ago, I didn't think that I would give any updates. It's really, really, to be honest with all of us to serve them, to divide up police information into the community, to ask that mayors and leaders across the country, just to point some awareness to what we're seeing as it relates to the rise in cases around the country is certainly an encounter. out of the hotel is confirmed in the first case of the home

Use Again

Here are the key points from the transcript:

1. **Community Acknowledgment**: The Mayor expresses gratitude to community members and nonprofit leaders for their contributions during the holiday season, emphasizing the positive impact on the city.

2. **COVID-19 Update**: The Mayor provides an update on COVID-19, noting a rise in cases and encouraging vaccinations, booster shots, and mask-wearing to protect the community.

3. **Warming Center Announcement**: A warming center is opened due to cold temperatures, providing shelter for those in need.

4. **Community Hero Recognition**: Cassanta Sanders is recognized as a community hero for her efforts in revitalizing the King Hill neighborhood and advocating for local history, including the expungement of Claudette Colvin's record.

5. **Police Chief Search Update**: The Mayor discusses the ongoing search for a new police chief, highlighting the thorough process and the importance of community input in the selection.

6. **Violence Prevention Initiative**: Introduction of Keith Moore as the new director of the Office of Violence Prevention, aimed at addressing the root causes of crime in collaboration with community leaders.

7. **Town Hall Meeting Announcement**: A town hall meeting is scheduled

Alors, bonsoir et bienvenue à la séance du conseil de ville de Serpentville du 3 mars. Ça fait plaisir de vous voir, de ne pas vous voir, mais on sait qu'on est bien regardé à la télé, grâce à la télé et sur YouTube. Ça fait que bienvenue à tous. Ce soir, vous avez eu l'ordre du jour entre les mains. Est-ce qu'il y a des choses à rajouter? Vous devriez rajouter des points? C'est conforme? Oui, je suis conforme. On va prendre un proposeur. Oui. Richard? Oui. Appuyé de tout le monde? Oui. Merci. Au point 2, 3, vous avez eu l'adoption du procès verbal du 3 février. Vous avez eu le document entre les mains. Oui. Est-ce que tout vous semble conforme à ce qui a été discuté? Oui. Oui. Proposé par Francine? Oui. Unanime? Oui. Merci. On s'est rendu à la période de questions, étant donné qu'il n'y a personne dans le public. Et puis, Alexandra, tu n'as pas eu de questions par e-mail et tout ça? Merci. Au point 5, administration et règlement. 5 points en transfert de surplus réservé aux surplus accumulés non affectés. Alexandra, vous avez laissé nous donner quelques petites explications? Oui. Dans le fond, c'est dans la comptabilité de la municipalité. Il y a un montant qui est... un montant de 79 087,20 $ qui est réservé, un surplus réservé affecté Recyc-Québec. J'ai validé avec le comptable. C'est un montant qui est là depuis 2014-2015. Ça fait que j'ai vérifié avec le comptable. On n'a pas de note de pourquoi le montant était réservé. Ça fait que ce qu'on vous suggère, c'est de remettre le montant en surplus non affecté. Puis, si jamais vous en avez besoin, vous pourrez aller le rechercher là. Mais on ne trouve pas de raison pourquoi le montant doit être réservé. Considérant aussi que la compétence du recyclage a été donnée à la MRC, la municipalité n'aura plus de factures à payer, plus de dépenses. Il reste dans le fond un remboursement Recyc-Québec à recevoir cette année pour l'année 2024. Puis, sinon, le dossier du recyclage va être clos ici. Ça fait que c'est ça. Ça fait qu'on vous suggère juste, parce qu'on ne sait pas pourquoi il est là, là. Ça fait qu'on vous suggère juste de le remettre dans le surplus accumulé non affecté. Si les besoins se font sentir, on ira le chercher. C'est ça. Je

Identify and highlight the key points in this transcript, in English

Here are the key points from the transcript of the city council meeting in Serpentville on March 3rd:

1. **Welcome and Introduction**: The meeting begins with a welcome to attendees, acknowledging that the session is being broadcasted on television and YouTube.

2. **Agenda Approval**: The council discusses the agenda and confirms that there are no additional points to add. The minutes from the previous meeting on February 3rd are adopted unanimously.

3. **Public Questions**: There are no questions from the public, and the council confirms that no emails have been received regarding questions.
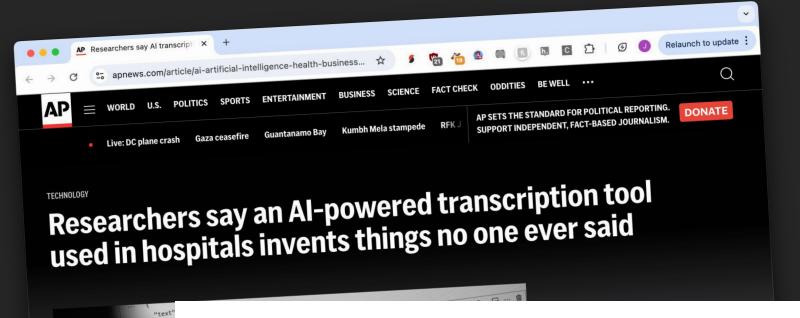

4. **Financial Matters**:
   - **Surplus Transfer**: A surplus of $79,087.20, reserved since 2014-2015 for Recyc-Québec, is proposed to be transferred to the unallocated surplus as there is no clear reason for its reservation.
   - **Employee Benefits**: Changes to the collective employee benefits plan are discussed, with a transition from Fiducie-Desjardins to Desjardins Assurance or a new provider. A decision is needed before Friday to proceed.

5. **Property Disposition**: The council discusses the sale of a part of the structure at 223 Main Street, with details on dimensions and conditions for the sale.

# Researchers say an AI-powered transcription tool used in hospitals invents things no one ever said

In an example they uncovered, a speaker said, "He, the boy, was going to, I'm not sure exactly, take the umbrella."

But the transcription software added: "He took a big piece of a cross, a teeny, small piece ... I'm sure he didn't have a terror knife so he killed a number of people."
